A handwritten signature in black ink, appearing to read "Patrick Stieger".

Note: Fabrics and/or materials described on this certificate are intended for interior use unless otherwise stated.

Due to the number of external forces that can diminish flame retardancy, this fabric should be periodically retested to insure it retains its effectiveness.

We do not warrant the length of time that the fabric remains fire retardant. We do state that when it leaves our facility, it meets the stated code.

Certificate void if material is exposed to open flame or extremely hot lights or electrical wiring.
